

Cedardale Charolais

April 18th 2015
1 PM EST
BULL SALE
AT THE
FARM
Nestleton, Ontario

Cedardale Charolais

On Sale Day:

Viewing starts
at 11 am

Sale starts at
1 pm

SALE DAY PHONES:

Farm: (905) 986-4608
Scott: (905) 242-5058
Trevor: (905) 242-5097
Ryan: (905) 242-2046

SALE STAFF:

Carl Phoenix – Auctioneer
(705) 357-1531
Brian Pascoe – Ring Man
(705) 878-7026
J. Albert Argue – Ring Man
(613) 832-3494
Mike West – Ring Man
(519) 830-7876

Bull Development:

Cedardale Bulls have been developed on a ration that was designed to maximize growth and structural development and minimize excess fat deposition. In our opinion, these bulls are sold in perfect working condition; bulls that are bred to perform, and fed to last!

Delivery:

Bulls can be taken home immediately following the sale, or left with us free of charge until May 1, 2015 and delivered by us at shared cost. Bulls can be kept after May 1st at a cost of \$100 per month at the purchasers own risk.

Buyers Unable to Attend the Sale – Sight Unseen Purchase Plan:

Simplify your selection process by giving us a call today. You know what you want in your breeding animals, we know the best potential of the bulls selling and will easily be able to satisfy your specific needs. Contact Scott, Ryan or any one of our capable sales representatives to discuss the sale cattle.

All purchases made in this manner are 100% satisfaction guaranteed!!

Fellow Cattle Enthusiasts,

The Nesbitt family takes great pride in welcoming you to Cedardale Farms on April 18th. This sale will be our 12th consecutive bull sale on the farm. We are extremely proud to be one of Ontario's largest registered Charolais cow operations as well as one of the longest running one iron Charolais bull sales in Ontario. The opportunity to work closely with our commercial cow-calf customer gives us insight into the kind of cattle that are functional and profitable in the real world. Our customers' calves continue to top feeder and finished cattle markets week in and week out. We are very proud of your hard work and dedication; congratulations!

It is a very rewarding time to be in the cattle business and in particular the cow calf sector of the industry as feeder calves continue to trade at record values. The Charolais and Charolais cross feeder calf is the most sought after feeder at the market today. We are in a cattle market that is at record high levels across all segments of the industry and appears very stable for years to come. An analysis of the market fundamentals tells us that the strength in the cattle market is long-term. This market has brought great opportunity to people in the cattle business and these increased returns on investment provided a unique opportunity for cattlemen to focus on quality and volume in their cowherds. This is definitely no time to short your operations on bull quality or quantity. This year's sale offering is one of our best yet and we are confident you won't be disappointed. We strongly believe that the superior quality of the bulls in this sale offering will provide the genetics needed for the advancement of our beef production industry. They truly are the "Cattleman's Kind".

This year marks the second winter that the bulls have been developed on a corn silage based TMR growing ration. We were very pleased with the results with this feeding program last year. We feel the bulls are developed to their genetic potential for growth, however do not lay down excess fat. We were very satisfied with the health of last year's bulls and how they held their condition through breeding season.

Again this year we are working with the good people at Cattle In Motion. We will be videoing the bulls in late March. We encourage you to have a look at their website; www.cattleinmotion.com, to view the videos of the bulls. This offers you a more in-depth and dynamic opportunity to view the sale offering. There will also be a direct link through our website www.cedardalefarms.ca. As always we encourage you to give us a call to discuss the bulls and if at all possible stop by the farm to visit with us and see the bulls in person.

We appreciate each and every one of you, our fellow cattlemen, and we will continue to work hard to earn your trust, respect, and future business with good cattle and good service. As a seedstock supplier, we take our responsibility seriously when it comes to customer service.

Please consider this sale offering with confidence, knowing that the Nesbitt family stands ready to be of assistance before the sale and, more importantly, after the sale. We value the many friendships that have resulted from our involvement in the beef industry and we look forward to the opportunity to expand those through this event. We invite you to join us April 18th for the sale, some hospitality and a chance to visit with many area cattle producers. It is certainly our pleasure to be your host. We sincerely thank all past buyers and bidders for your continued support; it is truly appreciated!

If we can be of further assistance please don't hesitate to call on us.

Looking forward to seeing you on sale day:

The Nesbitt Family

Birth Weight Information

Calving ease is related to the birth weight of a bull. Other factors related to the cow such as size, nutrition, gestation, and calf shape also play key roles in calving ease. The cow is involved in more than 50% of the calf. The birthweight of these bulls are a reflection of our larger size cowherd. On average our cow size will be larger, which in turn will amount to more birth weight on larger cows. Smaller cows will result in lighter birthweights.

EPD's for birth weight accompany each lot.

Horned: An animal with a horn growth affixed to the skull that has or has not been removed.

Polled: An animal with absence of horn growth. (An animal can have scurs and still be genetically polled.)

Double Polled: An animal whose sire and dam are both genetically polled animals themselves.

Terms & Conditions...

Terms: The terms of the sale are cash or cheque. Settlement to be made immediately after the completion of the sale, payable at par to Cedardale Farms. The right of property shall not pass until after settlement is made. All settlements must be made before any cattle will be released.

Bidding: Each animal will sell to the highest bidder... no by-bidding will be permitted.

Disputes: Bidding will be reopened between the parties involved in dispute. If no further bid is made, the buyer will be the person from who the auctioneer accepted the last bid. The auctioneer's decisions on all disputes will be final.

Announcements: All announcements made from the auction block will take precedence over the printed matter in the catalogue. Buyers are therefore cautioned to pay attention to such disclosures.

Breeder's Guarantee: Should any bull fail to prove a breeder after being used on females known to be breeders, the matter shall be reported in writing to the seller within six months following the date of purchase or six months after the bull has reached fourteen months of age. The seller will have the right and privilege of six months to prove the bull a breeder. No guarantee is given that semen collected from the bull will freeze.

Exception Guarantee: In cases where the animal is subjected to any hormonal or surgical reproduction techniques after the sale, this guarantee shall be null and void.

Certificate of Registration: Each animal will carry papers issued by the Canadian Charolais Association. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

Health: All animals in the sale have met all necessary health requirements.

Liabilities: All persons attend the sale at their own risk and the seller and sale manager assume no liability, legal or otherwise, for any accidents that occur.

Mail Bids: Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale manager, auctioneer or special representative. Bids must be received in sufficient time prior to the sale.

Purchaser's Risk: Each animal becomes the risk of the purchaser as soon as sold. Animals will be cared for at the purchaser's risk for a reasonable length of time.

Insurance: We strongly recommend that all buyers insure their purchases. Any buyers that leave their bulls at Cedardale farms for any period of time following the sale are aware that they assume all risk with their purchases.

Notes

2015 Charolais Average EPDs

EPD'S	BW	WW	YW	Milk	TMAT	REA	FAT	MARB
	1.7	42.9	81.7	21.3	42.7	0.42	0.30	0.09

We calved 160 registered Charolais females in 2014 and we are selling 30 yearling bulls. These bulls represent the top 37% of our 2014 bull calves. We cull hard to ensure only our best are offered for sale.

Thank you for attending the 2015 Cedardale Annual Bull Sale ...

We hope to see you next year!!
